

## New Clearance Section!

We are excited to announce a new page to the Christopher Publications website! From time to time we have *slightly* damaged books that we can't sell at retail pricing. You are the beneficiary. The clearance page has selected books for 50% off retail pricing. This is a great way to build your herbal library or to have books on hand that you can give to family, friends and clients. Visit the page often because quantities are limited. Books will be added when they become available and taken away when sold, so availability can fluctuate from week to week.

We have a few of Dr. Christopher's big books on the clearance page, School of Natural Healing and Herb Syllabus. At 50% off they will go quickly so get there fast! Some of our most popular sellers are Herbal Legacy of Courage and Herbs to the Rescue. These little books are power packed. Herbal Legacy of Courage contains Dr. Christopher's story. This is a great book to share with others and is such an enjoyable read. Everyone needs a couple of copies of Herbs to the Rescue on hand. Put a book in your car, in your first aid kit or emergency pack. Now is the time to stock up.

Here is the link to the page <http://christopherpublications.com/Clearance.html> Remember to check back often and see what's new and available.
